

BUILD MY DESTINY

Homepage Website Content — Developer Handoff

Based on the approved homepage UI reference. The page should feel like a premium, customer-facing construction-material marketplace, not a business plan.

BRAND & PAGE DIRECTION

Tagline: Building Materials. Made Simple.

Audience: Homeowners, contractors, builders, developers and construction professionals.

Visual direction: Black + White + Construction Yellow. Premium, modern, clean construction marketplace. Use strong construction imagery, clear typography and high-contrast CTA buttons.

1. HEADER / NAVIGATION

2. HERO SECTION

Build Your Dream.

We'll Help You

Build It Right.

Everything you need to source building materials, made simpler.

From cement and TMT steel to bricks, aggregates and other construction essentials, Build My Destiny helps you discover material options, compare what fits your project and place your requirement through one simple platform.

CTA 1: GET A QUOTE CTA 2: EXPLORE MATERIALS

Every structure begins with a vision. We help make the material journey simpler so you can build with confidence.

Wide Range of Materials — Explore materials for every stage of your project.

Simple Ordering — Search, choose and place your requirement with ease.

Save Time — Spend less time searching and contacting multiple suppliers.

Delivery to Your Site — Your selected dealer coordinates delivery to your construction site.

3. ALL MATERIALS

Everything You Need for Your Construction Project.

From the foundation to the finishing stage, discover a growing range of construction materials in one convenient place.

Material availability, brands and product options may vary by location and participating dealer.

Bricks — Reliable masonry materials for construction needs.

AAC Blocks — Modern wall-building materials for efficient construction.

Paver Blocks — Practical solutions for pathways and outdoor surfaces.

Precast Products — Ready-to-use construction products for multiple applications.

Cement — For foundations, structures and dependable construction.

TMT Steel — Essential reinforcement material for structural strength.

Sand — An essential material for multiple construction applications.

Aggregates — Important materials for concrete and structural work.

More Construction Materials — Explore additional categories or share your requirement.

CTA: EXPLORE ALL MATERIALS ON THE APP

4. WHY BUILD MY DESTINY?

Everything You Need to Build. One Simpler Way.

Finding the right construction materials can take time and effort. Build My Destiny is designed to make the process simpler by bringing material discovery, ordering and dealer connections together in one convenient platform.

CTA: LEARN MORE

All in One Place — Discover a wide range of construction materials for different project requirements.

Save Valuable Time — Reduce the need to contact multiple suppliers and search in different places.

Easy & Convenient Ordering — Find the materials you need and place your requirement through a simple digital experience.

Built for Your Construction Journey — Whether you are building a home or managing a larger project, we make material sourcing easier.

Convenient Sourcing — Bring material requirements into one organised journey.

Customer First — Your project, requirement and convenience remain at the centre of the experience we are building.

5. HOW IT WORKS

Simple From Requirement to Delivery.

01 — Discover What You Need: Explore materials and identify the products and quantities required for your project.

02 — Share Your Requirement: Select or submit your material requirement through the available Build My Destiny process.

03 — Review Your Options: Review relevant material, pricing and supply information available for your requirement.

04 — Confirm Your Order: The participating dealer reviews the requirement and confirms fulfilment based on availability and delivery feasibility.

05 — Get It Delivered: Once confirmed, the dealer manages fulfilment and coordinates delivery according to the agreed requirement.

06 — Keep Building: Spend less time managing material sourcing and more time focusing on your construction project.

6. BECOME A DEALER — HOMEPAGE SECTION

Grow Your Construction-Material Business with Build My Destiny.

Join a growing platform designed to help construction-material businesses reach more customers and explore new opportunities.

Reach More Customers — Showcase your material business to a wider customer base.

Grow Your Business Digitally — Build a stronger digital presence through a modern platform.

Showcase Your Products — Present your construction materials and offerings to potential customers.

Keep Control of Your Operations — Continue managing your own stock, fulfilment and delivery operations.

Be Part of a Growing Network — Join a platform built to create more opportunities for construction-material businesses.

CTA: JOIN AS A DEALER

Developer note: Keep this homepage section concise and visually strong. The CTA must open the separate dedicated Become a Dealer page.

7. FOR EVERY KIND OF BUILDER

One Platform. Different Construction Needs.

For Homeowners — Build your home with a simpler material-sourcing journey.

For Contractors — Make regular material procurement easier to organise and manage.

For Builders & Developers — Support project requirements with a more connected material-sourcing experience.

For Construction Professionals — A straightforward way to connect material requirements with available supply options.

8. BUILD MY DESTINY APP

Your Construction Journey, Made Simple.

Search → Choose → Order → Dealer Delivers

Search materials, explore options, place your requirement and stay connected with order updates through the app.

- Explore a range of materials
- Share your requirement
- Get quotes and compare options
- Track your order
- Stay connected with your dealer

IMPORTANT DEVELOPER NOTES

- Homepage must feel customer-facing and marketplace-focused, not like a business plan or corporate presentation.
- Do not present Build My Destiny as a company that directly owns all material stock or personally performs all deliveries.
- Use marketplace, material options, participating dealers and dealer-managed fulfilment language where appropriate.
- Dealers handle fulfilment and delivery after confirming the requirement.
- Keep Become a Dealer on the homepage as a short promotional section and link it to a separate detailed Dealer page.
- Maintain the approved Black + White + Construction Yellow identity throughout.
- Use clear, readable text and responsive sections for mobile and desktop.
